

## **We are looking for the next Big Mountain Coach**

Ullr Big Mountain Ski Team, based out of Lake Louise, is looking for a big mountain coach next season. We are looking for a commitment of at least one day per weekend. The prospective coach should have at least a Fundamentalz coach certification and be a good all-around skier: passable rail skills, switch skiing, groomer technique, off-piste, cliffs, and at least a passable 360. Some knowledge of big mountain skiing would be an asset. A female coach would be ideal, but open to either gender. Pay is competitive. On-hill season runs December to May 2018-2019. Some flexibility with work commitment is possible. (We do some invert training pre-season and during our competition season, but not a lot).

Please call program director, Jordy Burks at 403 609 0708
