

## **Assistant Head Coach Edmonton Freestyle Ski Club**

Edmonton Freestyle Ski Club (EFSC) is seeking an experienced and dedicated Assistant Head Coach to support leading and developing our Fundamentals, Freestylers, and CanFree athletes in a fun and safe environment. As Assistant Head Coach, you will be responsible to support the Head Coach creating and implementing recreational and competitive training programs, attending and coaching at competitions, and supporting what is needed to oversee club management.

### **Key Responsibilities include the following:**

- Support the Head Coach with the development and execution of year-round training opportunities for athletes including dryland training (trampoline, air bag, strength and conditioning, etc.), on snow training and other activities to support athlete development.
- Implement and support the club calendar consisting of camps, competitions and all training
- Support the ongoing creation and monitoring of on snow-groups based on coaching certifications, athlete abilities, and goals to support athlete growth and development.
- As directed by the Head Coach, work with our facility providers and assigned board members to develop mogul and slopestyle training venues.
- Support the Head Coach and the Board in other activities, as directed.
- Consistent building and development of your own training and development and increase your own certifications and awareness of all facets of freestyle skiing

### **Certifications Required:**

- CFS Air 1-4 Certified\*
- First Aid

\*candidates that do not have the full certification listed above may be supported in furthering their coach education by EFSC

Previous experience as a freestyle ski coach is required.
