

Ullr Big Mountain Job Posting 2025/26

Ullr Big Mountain is a freeride team based out of Lake Louise, with regular mid-week training at Winsport. We are looking for freestyle coaches, with great all-around ski skills, for the 2025-2026 winter season.

Athletes in our program range from age 8 – 18. Coaches are responsible for athlete safety, skill acquisition, and an encouraging team environment. All prospective coaches must take part in staff training in late November. We offer very flexible contracts that range from 5 – 50+ ski days over the winter. This flexibility is perfect for candidates going to school or working other jobs.

We offer 50% off a Lake Louise ski pass (for coaches that commit to more than 10 ski days), and also offer bursaries for coach education which range from 25% to 100% of the course registration costs (depending on what the candidate brings to the table).

Prospective candidates do not have to be freestyle coach certified before applying. However, employment is contingent on a passing the freestyle fundamentals course, with the all the accompanying online modules—as a minimum.

We are also looking for coaches with more specialized certifications, such as air 4, and air doubles, and coaches with experience in a head coach role, or at a program manager level.

Pay grade is dependent on experience and certification.
